

Product information:

The CAB502 is a loudspeaker cable constructed using the LS25 cable and fitted with two VCL4FC 4-pin speaker female cable connectors. The cable consists of two 2.5 mm² (13 AWG) conductors. This cable suitable for indoor as well as outdoor applications. Each conductor is fitted with a highly flexible jacket made of PVC. Both conductors are twisted with two cords, which ensures the great strength and flexibility of the cable. The whole inner section is packed by a paper foil into a highly flexible outer jacket made of PVC. The cable comes in different lengths from 1.5 meters to 20 meters.

Components:

- CableType: LS25 - Loudspeaker cable - 2 x 2.5 mm² - 13 AWG
- Connector: VCL4FC - Cable connector - 4-pin speaker female

Product Features:

Application	AV & IT
	Rental & MI
Series	Basic Series
