

Highlights:

- Flexible PVC jacket
- 28 AWG thin and dense stranded conductors
- 0.24 " (Ø) outer diameter
- Oxygen free copper
- Braided shielding

Product information:

The CLA903 is a balanced microphone cable constructed using the MC106 cable and fitted with a 3-pin XLR male connector and an angled 3-pin female XLR connector. The 28 AWG (0.08 mm²) thin & dense stranded bare copper conductors are surrounded by a high coverage bare copper spiral shielding. The durable shielding gives an excellent protection against interference of all kinds, such as electromagnetic fields caused by dimmers, motors or power cables. The flexible jacket made of PVC and is easy to handle. It comes in lengths of 1 meters to 10 meters, providing solutions for all applications.
